

STATE ENVIRONMENTAL POLICY ACT
ENVIRONMENTAL CHECKLIST FORM

2914453

Applicant/Sponsor: William D Wood Date: 8/27/06
Address: 1404 View Ave
Centralia WA Zip Code: 98531
Phone: (360) 736-3167

Project Name: Timber Removal
Agency Requesting Checklist: Dept of Natural Resources

A. BACKGROUND

1. Estimated date of completion of proposed action (including phasing, if applicable).

Less than one year.

2. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.

No One time Removal

2. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal.

None.

- FOREST PRACTICE APPLICATION
2914453, APPROVED
ADELPHI FOR REVIEW
CIN FPARS RSM

3. Do you know whether or not applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain.

None at this time. Applied for Forest Cutting Permit @ DNR

5. List any governmental approvals or permits that will be needed for your proposal, if known.

Dept of Natural Resources
Forest Removal

6. Give a brief, complete description of your proposal including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposals. You do not need to repeat those answers on this page.

Remove existing Trees from Property Leaving a few for Looks on approx. 7 acres

- EVEN AGED HARVEST
HARVESTING 150' OF ROAD
CONSTRUCTION RSM

7. Location of the proposal. Give sufficient information for a person to understand the precise location of your project, including a street address, if any, and Section, Township, and Range. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a site plan, vicinity map, and topographic map, if reasonably available.

Tax Parcel #: 020951-004-048
Section 4, Township 14, Range ZW, W.M.

B. ENVIRONMENTAL ELEMENTS

1. Earth

- a. General description of the site (Circle One):
Flat Hilly Mountainous
Rolling Steep Slopes Other: _____
- b. What is the steepest slope on the site (approximate percent slope)? 30 %
- c. What general types of soils are found on the site (for example: clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any prime farmland.
Sandy Clay
- d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.
No
- e. Describe the purpose, type, and approximate quantities of any filling or grading proposed. Indicate source of fill.
None
- f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.
No
- g. About what percent of the site will be covered with impervious surfaces after project construction (for example: asphalt or buildings)?
None
- h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any.
No Erosion.

- CENTRAL LEAN SOIL SERIES
- RED SILTY CLAY LOAM SOIL SERIES
PER SOIL SURVEY OF LEWIS COUNTY. RSM

- SOME FILL + GRADING
TO THE 150' OF ROAD
CONSTRUCTION RSM ASSOCIATED

2. Air

- a. What types of emissions to the air would result from the proposal (i.e., dust, automobile, odors, industrial wood smoke) during construction and when the project is completed? If any, generally describe and give approximate quantities if known.
None
- b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe.
No

2914453

3. Water

a. Surface:

- 1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into.
Yes. Seasonal Ditch near County Road runs year round
over NP water in middle of unit and over NS on south edge,
- 2) Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? If yes, please describe and attach available plans.
No
- 3) Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.
None
- 4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known.
No
- 5) Does the proposal lie within a 100 year floodplain? If so, note location on the site plan.
No
- 6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge.
No

- A CULVERT WILL
BE INSTALLED OVER
A NP STREAM, PER
FPA # 2914453.
RTH

b. Ground:

- 1) Will ground water be withdrawn, or will water be discharged to ground water? Give general description, purpose, and approximate quantities if known.
No
- 2) Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: domestic sewage; industrial, containing the following chemicals.....; agricultural; etc.). Describe the general size of the system, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.
No

c. Water Runoff (including storm water):

- 1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.

None

- 2) Could waste materials enter ground or surface waters? If so, generally describe.

NO

- d. Proposed measures to reduce or control surface, ground, and runoff water impacts, if any.

None needed Existing ditch

4. Plants

- a. Check or circle types of vegetation found on the site:

☒ deciduous tree: alder, maple, aspen, other

☒ evergreen tree: fir, cedar, pine, other

☐ shrubs

☒ grass

☒ pasture

☐ crop or grain

☐ wet soil plants: cattail, buttercup, skunk cabbage, other

☐ water plants: water lily, eelgrass, milfoil, other

☒ other types of vegetation Briars

- b. What kind and amount of vegetation will be removed or altered?

Fir & Alder -- approx. 60 mbl

- c. List threatened or endangered species known to be on or near the site.

None

TRAX Run
No GenFund
RTH

- d. Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any.

None

5. Animals

- a. Circle any birds and animals which have been observed on or near the site or are known to be on or near the site:

Birds: hawk, heron, eagle, songbirds, other: _____

Mammals: deer, bear, elk, beaver, other: _____

Fish: bass, salmon, trout, herring, shellfish, other: _____

- b. List any threatened or endangered species known to be on or near the site.

None

TRAX Run
No GenFund
RTH

c. Is the site part of a migration route? If so, explain.

No

2914453

d. Proposed measures to preserve or enhance wildlife, if any.

None

6. Energy and Natural Resources

a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.

None

b. Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.

No

c. What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any.

None

7. Environmental Health

a. Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal? If so, describe.

None

1) Describe special emergency services that might be required.

None

2) Proposed measures to reduce or control environmental health hazards, if any.

None

b. Noise

1) What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)?

Equipment

2) What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site.

Short term Logging

- 3) Proposed measures to reduce or control noise impacts, if any.

None Day time operations

8. Land and Shoreline Use

- a. What is the current use of the site and adjacent properties?

Residential

- b. Has the site been used for agriculture? If so, describe.

No

- c. Describe any structures on the site.

None

- d. Will any structures be demolished? If so, what?

None

- e. What is the current zoning classification of the site?

R1 City of Genoa

- f. What is the current comprehensive plan designation of the site?

None

- g. If applicable, what is the current shoreline master program designation of the site?

None needed

- h. Has any part of the site been classified as an "environmentally sensitive" area? If so, specify.

NO

- i. Approximately how many people would reside or work in the completed project?

2 people

- j. Approximately how many people would the completed project displace?

None

- k. Proposed measures to avoid or reduce displacement impacts, if any.

None

- l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any.

None

9. Housing

- a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.

None at this time

To Be Completed by the Applicant:

Evaluation for Agency Use

- c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any.

None

13. Historic and Cultural Preservation

- a. Are there any places or objects listed on, or proposed for, national, state, or local preservation registers known to be on or next to the site? If so, generally describe.

None

- b. Generally describe any landmarks or evidence of historic, archaeological, scientific, or cultural importance known to be on or next to the site.

None

- c. Proposed measures to reduce or control impacts, if any.

NoneTRAX Run
No GENFISH
RST

14. Transportation

- a. Identify public streets and highways serving the site, and describe proposed access to the existing street system. Show on site plan, if any.

None

- b. Is the site currently served by public transit? If not, what is the approximate distance to the nearest transit stop?

No

- c. How many parking spaces would the completed project have? How many would the project eliminate?

None

- d. Will the proposal require any new roads or streets, or improvements to existing roads or streets, not including driveways? If so, generally describe (indicate whether public or private).

No Existing Road

- e. Will the project use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.

No

- f. How many vehicular trips per day would be generated by the completed project? If known, indicate when peak volumes would occur.

for one week. Log Truck

- b. Approximately how many units, if any would be eliminated?
Indicate whether high, middle, or low-income housing.

None

2914453

- c. Proposed measures to reduce or control housing impacts, if any.

None Needed

10. Aesthetics

- a. What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed?

None Structures

- b. What views in the immediate vicinity would be altered or obstructed?

None

- c. Proposed measures to reduce or control aesthetic impacts, if any.

None

11. Light and Glare

- a. What type of light or glare will the proposal produce? What time of day would it mainly occur?

None

- b. Could light or glare from the finished project be a safety hazard or interfere with views?

No

- c. What existing off-site sources of light or glare may affect your proposal?

None

- d. Proposed measures to reduce or control light and glare impacts, if any.

None

12. Recreation

- a. What designated and informal recreational opportunities are in the immediate vicinity?

None

- b. Would the proposed project displace any existing recreational uses? If so, describe.

None

To Be Completed by Applicant:

Evaluation for Agency Use

- g. Proposed measures to reduce or control transportation impacts, if any.

None

15. Public Services

- a. Would the project result in an increased need for public services (for example: fire protection, police protection, health care, schools, other)? If so, generally describe.

NO

- b. Proposed measures to reduce or control direct impacts on public services, if any.

NO

16. Utilities

- a. Circle utilities currently available at the site:

Electricity

Telephone

Natural Gas

Sanitary Sewer

Refuse Service

Septic System

Water

Other: None

- b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.

None

C. SIGNATURE

The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.

William D. Luoma

Date Submitted

REVIEWED BY: T. Rep. Hylle REX J. HAROLD RST
DATE: 9/11/06

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment (listed in Section B of this checklist).

When answering these questions be aware of the extent the proposal and the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

D. SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise?

2914453

None

Proposed measures to avoid or reduce such increases are:

None

2. How would the proposal be likely to affect plants, animals, fish, or marine life?

Will not. May provide vegetation.

Proposed measures to protect or conserve plants, animals, fish, or marine life are:

Not needed

3. How would the proposal be likely to deplete energy or natural resources?

No

Proposed measures to protect or conserve energy and natural resources are:

No

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

No

Proposed measures to protect such resources or avoid or reduce impacts are:

No

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

None

Proposed measures to avoid or reduce shoreline and land use impact are:

None Needed

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

No

Proposed measures to reduce or respond to such demand(s) are:

None

7. Identify, if possible, whether the proposal may conflict with local, state, and federal laws or requirements for the protection of the environment.

None . One time Logging
